

Thomas Choinacky  
"Find echoes and folds of/ for a revolution"  
Philadelphia, USA

*My score activated a relationship with a dandelion plant temporarily located in the crack of two concrete barriers on a bridge between my house and studio.*

Home can be any place  
    *Down my leg in the right calf*  
Thriving where possible  
Where you float to  
Nothing is permanent  
    *The roots of control, a buoyancy*  
Rapidly growing  
Yellow flower  
    *The coffee I drank before arriving here*  
Drawn to the sun  
Blown here by the wind  
    *Riding my bike or walking*  
Resilient through road construction  
    *Treading my own path*  
Ignored by some  
    *Ignored by many*  
Unperturbed  
    *Resilient body*  
Growing, shameless  
Raising seeds  
Making it work  
Friend of the wind  
    *Touching this bridge*  
    *This rough concrete*  
Seeds dispersed  
And finding new homes  
hundreds of them  
where possible
